English Readings Include Romeo and Juliet, Medea, Midsummer Night's Dream

Thirty-six English classes offered lessons in literature and writing. Freshmen courses covered the structure of poetry and the tragedy of *Romeo and Juliet.* Sophomores explored World Literature and learned about the politics and beliefs of Ancient Greeks from Euripedes' *Medea.* Juniors studied American Literature including the works of Washington Irving, Edgar Allen Poe, and Nathaniel Hawthorne. Seniors analyzed plays by William Shakespeare including the light hearted *A Midsummer Night's Dream* and the *Tragedy of Hamlet.* Select seniors enrolled in Honors English, taught by Department Head John Cotter, analyzed English Literature including Geoffrey Chaucer's *Canterbury Tales* and John Milton's controversial *Paradise Lost.*They also took field trips to Grace Cathedral and St. Mary's Cathedral and the opera in San Francisco.

Grammar and vocabulary were criteria for each class. Students prepared required research papers.

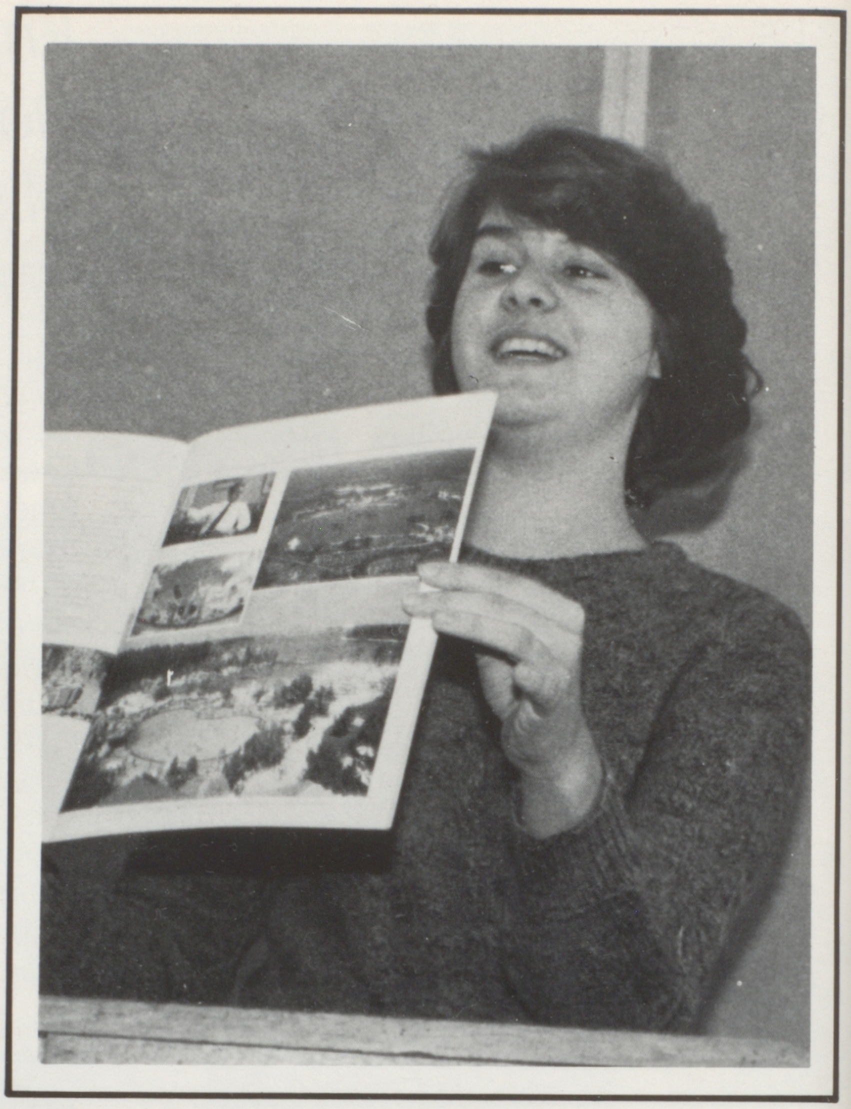
As Gov't — Econ Analysts Seniors Pick Presidential Loser But Stock Winners



The National Election was the big focus for government classes. Students participated in simulated debates between Reagan, Carter, and Anderson. They fought for their point of view for or against such propositions as "8" (the peripheral canal) and "10" (smoking and non-smoking sections in public places.)

Students also participated in a "Straw Vote" taken in all the government classes. They chose Carter over Reagan for President but were right on the money when they foreshadowed the results on such issues as Props. "8" and "9".

Many guest speakers came to share their views with the seniors. Mayor Corica, Superintendant of schools, Mr. Kline, and director of Parks and Recreation, Grant Mainland, sounded off on civic, educational, and recreational issues within the city.

On the economic side of government, the seniors turned "bullish" especially after hearing the investment boys from Merril Lynch, Pierce, Fenner, and Smith, who promoted energy stocks.

A Third of Our Students Study to Be Bi-lingual

Tacos! Paris! Bullfights and French pastries combined with the phrases ¿como estas? and ''comment allez yous?'' were the first things some people thought of when Spanish or French were mentioned. These ideas reflected fantasy not reality.

Reality recognized that Encinal was down to two foreign languages, four teachers, and 418 students. In other words, one-third of the students attempted to be bi-lingual in Spanish or French.

Two dozen students filled the fourth year classrooms of both languages. In fourth year French, the best part of the year was viewing slides of France by other students. The best part of fourth year Spanish was, believe it or not, Friday Bingo. While adults frequented church-run Bingo to win money, the Friday prize, at school, was candy.

Title I Program New Addition in Math Department

A new math program referred to as Title I was introduced. It aided students who were computing below grade level. The Federal Government funded the program with a whopping $16,335.

Mary Ellis, the program coordinator, hoped the funds would be used to hire a new teacher. She also hoped that the student's grade average would be raised and they would gain confidence in their ability to manipulate math.

A wide selection of Math courses at E.H.S. included Algebra I and II, Geometry, Consumer Math, and Math Analysis. Accounting was also available to students through the Business Department.

Re-Evaluation Reaches Special-Ed; Alters Pupils' Classes

For five years, Encinal has had a Special Education program aimed at helping the needs of its students. Originally, the program was named "The Learning Center."

At present, there are fifty-five students enrolled. Some students are in one class only, others take three. The faculty included Ernie Ellis, who taught Math; Diane Tusing, who replaced Betty Ruark, taught Spelling, Writing, and Reading; and Carol Roberds, who instructed students in Social Studies and Health. In addition, Rena Hill was the vocational counselor for the students.

One fact about Special Ed was that the students' instruction was planned by a committee which featured the students themselves, their parents, and professionals like psychologists, teachers, and social workers. Evaluation meetings were annual affairs, and if the student had improved there was a program placement change.

New Equipment in Shop Classes

Industrial arts classes had a new look this year. Two new teachers were hired, James Reis, auto shop; Roger Young, Metal shop.

Approximately 345 students were enrolled in the program. Beginning shop students learned basic shop safety. In advanced shop students worked on more complex projects.

With the financial aid of the State Vocational Arts Fund, new tools and machines were purchased. Mr. Ford's wood shop received a new radial arm saw, Mr. Reeves was able to replace old wooden desks with 12 new drafting tables, and Mr. Reis' auto shop received new hand tools.

Surveys Discover Top Job Placement

The Business Dept. prided itself on its modern program and its success rate in preparing students for placement in entry-level jobs. According to an Alameda Unified School District survey of last year's students, 74% acquired jobs soon after graduation or they went on for advanced training

Of the courses offered in the Business Dept., typing was the most popular with an enrollment of 331 students.

Accounting stressed the theory and practical application of this skill which qualified students for full time bookkeeping positions.

Office skills, a strict course, offered students complete training in twenty top entry-level job skills such as typing and spelling. These skills were determined in a 1979 Washington State University Study and a survey of 1700 California employers.

Word processing included English skills, typing speed and accuracy, as well as the use of sophisticated equipment including the Wang Word Processor and the IBM Transcriber.

A Handicap Bars No Artist As Talent Has Few Limitations

"Talent has no real boundaries," said the wise man. One Encinal student, George Gross, was a living example of this viewpoint. Cerebral palsy affected his coordination and physically limited him since he couldn't use his hands. But he could paint and he had talent! His artistic perception was good. By using his mouth to hold a paint brush, he achieved quality artwork. Not too many students developed their artistic talents even without handicaps.

A favorite part of art was the study of the Alameda's representative architecture. Our community boasted of one of the largest collections of Victorian homes in the nation for its size.

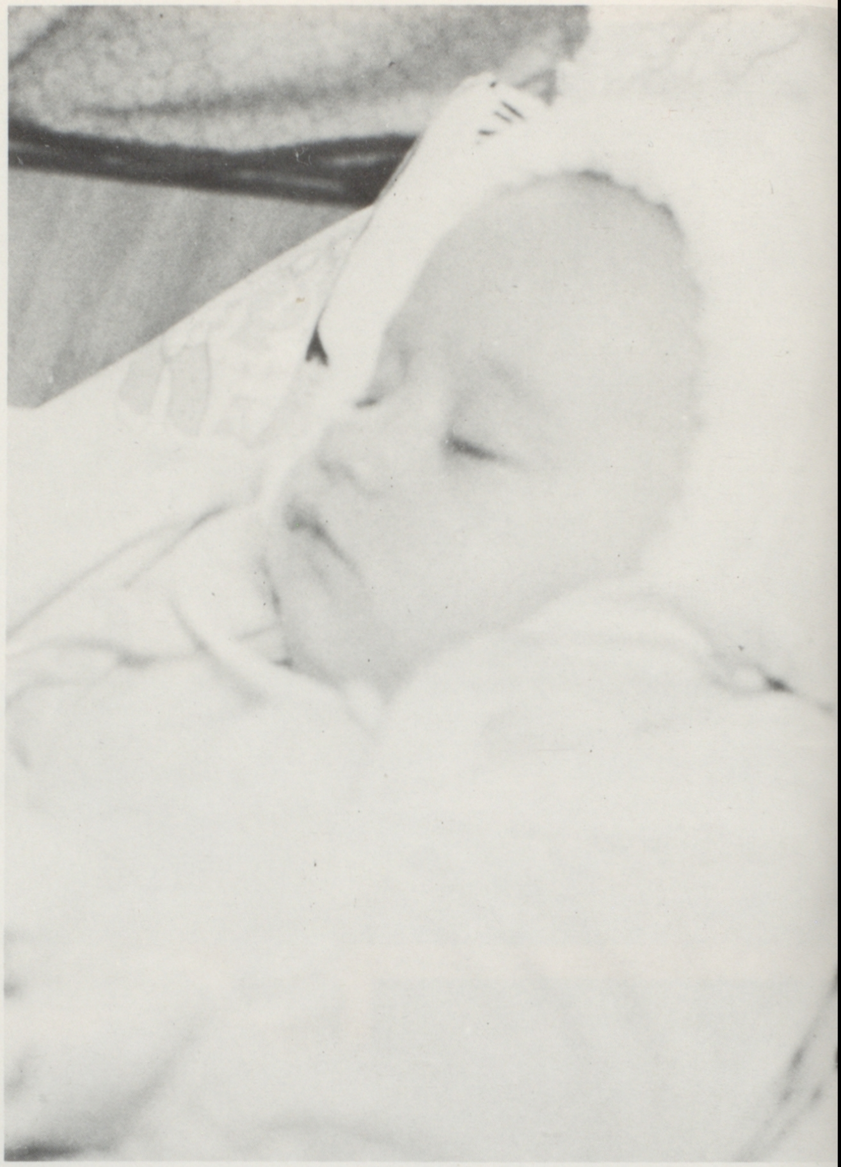
Child Development Students Learn the Basics of Parenthood



General Homemaking, Foods and Nutrition, Clothing and Textiles and Child development were the home economic classes taken by 122 students taught by Mrs. Cranfill and Mrs. Weldon.

Lorraine Weldon offered an interesting year to 33 in Child development. The students studied conception, prenatal care, birth and taking care of children. The head nurse of Alameda Hospital, a Mid-wife, and a Dietician, were some of the guest speakers. The students were invited to tour the hospital delivery room and nursery.

Highlights of the year for the Child development class were special projects; one was to design and construct a safe toy for a child. The other, the care for an egg just like a child, for one week. This meant finding a baby-sitter for Saturday night and taking "Jr." to every class at school.

Our Music Makers: Choir Plus 5 Bands

Choir, Jazz Ensemble, and Advanced Band were just some of the classes offered in the Encinal Music Dept.

James Hewitt taught 139 students ranging from Beginning to Concert band all day.

Beginning Band taught students the different parts of the instruments, how to play them and how to read music.

Concert Band was a pre-requisite for Advanced Band for students who had interest in furthering their musical abilities.

Choir consisting of 55 students, was offered 5th period with Ms. Kinchen.

Busy Marching Band Plays Berkeley and Coliseum

Five instrumental music classes strengthened students' band skills. Of the three regualr bands, the Advanced was the busiest: On Oct. 18 they played at Berkeley for Cal Band Day, on Nov. 11 they marched in the Veterans' Day Parade, and on Nov. 28 they played in the Coliseum for the North Coast 2A Championship Football game. In December several members, including Anthony Harris, Marty Hughes and Zenaida Mejia, went caroling at Franklin School and at the Christmas Faire on Jan. 10, the Marching Band was invited by Stanford University for the East-West All-Star College Football game. The Concert Band performed along with the Jazz and Advanced Bands in five concerts throughout the year.

Modern, Ethnic Dance Combines Folk, Jazz, Contemporary Routine

What was in the Fine Arts Department? Co-ed Modern and Ethnic Dance, and Chorus.

Dancers liked their part of fine arts best even though it meant daily stretching exercises that lasted an ''eternity'' of ten minutes. However, once you were stretched, you were also flexible. Their routines were taken from old and new American cultures; folk dances, jazz walks, and today's dance steps.

Performing required teaching as dance troupers learned. Dancing was one thing, but a smooth technique in performance was another. The dancers return was applause from a delighted audience, especially during their May concert.

Physical Education More Than Exercise!

The P.E. department's aim was to give the students a clear mind and an attitude to excell in sports.

The department was divided into four and a half week sessions. While your class was playing softball, another class was having their personal fitness tests and another was learning how to swim.

A typical P.E. class consisted of role taking, exercises (Jumping Jacks and Sit Ups), then breaking up for team sports.

JROTC: Big News Is Female Leaders Plus Rifle Team Competitor

Marching, repelling, and shooting were part of the JROTC Program which gave students an appreciation of military responsibility and values. Colonel Richards and Sargeant Gonsalves took the cadets on several field trips: On October 11, they toured Naval Air Station, Alameda, and viewed the Bay Area from helicopters. During the first weekend in May, Fort Ord housed the students where they lived the everyday lives of Army recruits.

Enrollment in JROTC shot up to 138 students, an increase of approximately 30 over past years. Thirty-eight girls, the largest number ever, formed over one-quarter of the corps. Sandy Lim was the first girl member of the Rifle Team. The company commander was Mary Drost and her sister Ana was a staff officer. JROTC had something new: Female Commanders and competitors.

Driver's Training Time Split by Simulator and Actual Road Experience

Any student who wanted to get his driver's license before he turned eighteen did two things. First he took Driver Education, and learned basic rules of the road. Secondly, he enrolled in Driver Training where he received behind-the-wheel experience.

Driver Education, taught by Ken Brown, met everyday after school for six weeks. Students saw movies and took tests on the text *Let's Drive Right*. The highlight of each class was a visit of a California Highway Patrolman who showed the blood and gore film "Red Asphalt II" and followed with a question and answer session.

By alternating on the road and at a simulator, the Driver Training program gave people experience in driving mountain, freeway, and city roads.

Cosmetology Leads to Several Exciting Jobs

The Cosmetology class taught at the Alameda Beauty College was part of the Regional Occupational Program directed by Martha E. Beazeley. In order to graduate, students enrolled in this class for 1½ years or 1600 hours. The hours needed broke down to 4 hours everyday and 8 hours on Saturday.

Students were educated in the many areas that the successful Beautician had to know. Hair structures and designs, Facial structures and overall appearances competed with learning that taught Sales approaches, Chemical Compound, and Proper terminologies. Each day ended with 3 hours of on the job training.

Because of the Medical terminology used in Cosmetology, the students could find careers in Make-up Artistry, Hair Stylist or Medicine. If the Medical field was chosen, the student was well versed in areas like Skin Specialist or Plastic Surgery.

Leadership's Objective; To Plan School Activities

The basic objective of the leadership class was to plan and coordinate school activities benefiting both school and community. The November blood drive helped fill the Alameda-Contra Costa Blood Bank as 101 donors from school and the community gave blood. The sixth annual Christmas faire promoted clubs and private merchant's food and craft sales in an entirely student run operation. The leadership class paid for the transportation of South Shore West Convalescent Home patients who attended the faire.

Fall vice president Karen Jones and Spring vice president Shaila Garde planned the assemblies. There were bombs like the comedian Gary Sobol and hits like dancers Gary and Ydoria Pool and "The Electric Mime."

Small Staff Does Its Best

The 1980-81 *Horizon* staff began with 12 members and built up to 15 people. Of those 15, only three were returning staff members from last year, editors Mary Harris and Chris Beall, and Ed Boersma. All the others started fresh with no knowledge of high school yearbook production.

The *Horizon* staffers pulled in more ads than ever before in the 26 year history of the book. $3,260.00 was raised in the selling of ads.

Successful Opening Dance Produces Big Profit for ASEHS

The Opening Dance, held on September 19, was an opportunity for students to take part in a school-sponsored activity to start off the year.

Admission was free for Student Body Card holders but there was a $3.50 charge without cards. The paid admissions brought in $664.00. Pre-sales of 361 Student Body Cards helped the dance net over one thousand dollars for the ASEHS.

Disc-jockey Rick Casanova played rock, soul and punk. Featured songs were "Another One Bites the Dust", by Queen, "You Are My Shining Star" by The Manhattans, and "Whip It" by DEVO.

Popular opinion held that the dance was one of the most outstanding and successful dances in a long time.

Sr. Spaghetti Feed Runs Short on Food But Profits by $350

On September 17, 1980, pasta, hamburger, and sauce were the ingredients that made the Senior Class Spaghetti Feed an enjoyable change in eating out. The food purchased wholesale, cost $65 and McDonalds donated the orange drink. The milk was purchased from the school.

Thirty seniors, supervised by Jon Medeiros, organized by Teresa Wong, started work in the cafeteria at 4:00 p.m. They boiled noodles, tore lettuce, and browned hamburger as the first steps in the ''Feed''. Sharon Stevens worked with seniors on clean up. They scrubbed pots, wiped tables, and collected garbage till 8:00 p.m.

The Senior class profited over $350 and served spaghetti to almost 200 people.

Justice Triumphs in Senior Play, as Box Office Breaks $300

The 1980 Senior play, ''The Curse of an Aching Heart'' was a financial success. The Seniors netted over $300 from ticket sales. Current plans say the money will be used toward the end of the year picnic.

The highlight of the play came when the hero, Kevin Carter, escaped from jail and KO'd the villian, Windemere Hightower. In the plot, Windy and his sidekick Murial tried to take over the Abernathy's ranch and steal their money. But Battle Axe Annie foiled them because *she* was the ''LAW'', and Justice triumphed.

The Olio Acts included the talents of Magician Scott Lim, Singers Dana Wright and Kris Erickson, Bicyclists Kevin Carter and Mary Harris, and Ballerinas Scott Sensabaugh, Garrett Slez, Marty Hughes, Bill Green, Jerry Hewitt, and Junior Tataulatasi. The audience, the actors, and the class enjoyed this old time melodrama which was directed by John Cotter.

''Halloween Madness'' Provides EHS a Night Full of Dancing Spirits

October 31, 1980! The class of '83 sponsored a Soph Hop in the EHS gym entitled ''Halloween Madness.'' Guided by the sophomore President, Jennifer Thatcher, and Vice-President, Vicky Sandydiego, the class netted $800.

For $2.50 with, costume or $3.50 without, you could ''pogo'' from 8:00 to 11:00 p.m. with ''ghostly ghouls.'' The music featured Soul and Punk Rock played by disc jockey, Rick Casanova. Costumes ranged from Togas to Punk Rock to everyday school clothes.

Costumes and Vacation Mark Autumn Holidays

Following tradition, children everywhere showed their imagination dressing up in costumes ranging from Star Wars', Yoda to quaint Southern belles and then going door to door in search of treats. However, for many of Encinal's students dressing up on October 31 meant more than just candy from the neighbors, it also gave them a discount at the gym door for the Soph Hop dance.

With a five day vacation from school for Thanksgiving, students had time to spend getting reacquainted with old friends and relatives catching up on new family gossip. Later the whole group would sit around the dinner table to a feast of stuffed turkey, potatoes, and pumpkin pie.

Spirit Week; Homecoming a Competition With Class

'School was never like that in my time' might have been a senior citizen's response if he visited Encinal from November 12 to 14. Colorful, costumed and excited students competed as classes in the annual spirit week activities, sponsored by the Student Senate. Theme day and class color day saw seniors in red as Arabian sheiks take on green-garbed juniors in pajamas while orange soph beat back a wave of yellow frosh in Roman togas.

Students from each class painted posters with slogans such as ''Buzz Off Bees.'' During lunch hour Thursday, class members presented their new cheers. The senior's cheer was lengthy with the theme 'Seniors, We Rule!' and the junior's was similar. The sophomores presented a short cheer saying 'Hornets, Defeat's Your Destiny'. After the cheers, an egg toss was held. The results of the competition for most spirited class were announced at the spirit assembly. The seniors took first place, the juniors second, the freshmen third, and the sophomores last.

The results of Homecoming were announced at the end of the spirit assembly with Marvin White king and Kathleen Donson queen.

Playoff Bound Jets

4th Quarter Bullet Wins Big Game 6-0

The twenty-sixth annual "Big Game", played on Willie Stargell Field, was a must-win situation for both Alameda and Encinal's football teams. It was a defensive battle all the way.

Throughout the first half, without any points scored by either team, and most of the second half, it seemed as though the game would end in a scoreless tie.

With seconds to go in the third Quarter, Encinal came to life. Fans watched a drive develop that peaked in the starting minutes of the fourth quarter as Marvin White rifled a pass to John Levingston. John cut across the middle, raced down the sideline and whipped across the goal line, steps ahead of the defenders. The score: 6-zip.

Sixth Christmas Faire Highlights the Holidays

The Associated Student Senate put on the sixth annual Christmas Faire on December 6, 1980 in the EHS Gym. The faire was open to the public from 10 to 4 o'clock. An estimated 450 people visited the thirty booths set up by merchants and student club members. The juniors were back with T-shirts, ornaments, and cloth frisbees left-over from last year's faire and the seniors hawked their stuffed animals. The most popular booths were abstract portraits, face-painting by Mimi Nicosea, and fresh, hot lumpia prepared by FSU members. The EHS Pep Band entertained with Christmas carols and the ROTC Drill Team performed twice on stage.

The Student Senate invited eleven patients from Shoreline Convalescent Home as their special guests. Senate paid for all the food and items they enjoyed and for their transportation to the faire. For some of these senior citizens it was their second faire.

A dozen Senate members decorated the gym from 6 to 10:30 p.m. on December 5th. Merchants arrived at 8 the following morning and began to set up their booths. The efforts of Julie Van Etten and Julie Trotter, co-chairmen, paid off when the Student Senate banked their $260 profit.

Community Service Highlights Winter Holiday

Encinal students celebrated Christmas in different ways. Some shopped, wrapped or baked, others decorated or partied. Some went to church, took part-time jobs or slept. Almost no one skied due to scant snowfall in the Sierras.

Leadership caroled for senior citizens. Band members played for the annual Family Service Agency house tour and for local elementary schools. Bud Branch sold garlands to help Children's Hospital. Church members filled food lockers for the needy and the Fire Department gathered toys for underpriviledged ''tots.''

When it was all over, for a small fee, the Boy Scouts collected remnants of once-festive Christmas trees.

Winterball Remembered in Posed — Candid Pictures

The best remembrance of the Winterball 1981 are the professional photographs of couples and groups of friends. The memories behind these pictures are of corsages and dancing to the endless rhythm of "Lazerboy," the featured rock and soul entertainment with songs like "Walk This Way" by Aerosmith and "All My Love" by Led Zepplin. The Senior class entitled the Winterball "Double Fantasy," giving tribute to the late John Lennon. The tickets were sold for $10 a couple and $5 stag and started at 8:00 pm and ended at 11:00 p.m.

The enthusiasm for this semi-formal event, got off to a slow start but after a last minute ad campaign, tickets were sold. Although "Double Fantasy" was not a success for the Senior class, many had an enjoyable evening.

Good Tradition: Sadie Hawkins Brings in $950

The Sadie Hawkins Dance earned $950 for the Senior class, $550 more than last year's class. Senior President Teresa Wong said the dance owed its great success to advance publicity, good planning, and a low overhead. On March 6, over 475 people paid $2.50 or $4.00 a couple to dance in the gym from 8-11 o'clock to music presented by D.J. Garland Sensabaugh.

In addition 97 couples paid 25¢ to 50¢ to be wed by Claire Pimental and Cathy Huie in the Marriage Booth.

Funds raised helped finance the Senior picnic, banquet, and awards dinner.

As the tradition goes, assemblies were held on Thursdays. Following the pledge to the flag, brief reports were given on current campus happenings. Tradition was broken in 1980 when admission to the first assembly was limited to student body card holders only. It featured the box-office hit, *SUPERMAN: The Movie.*

Another included the electric mime, Timothy Barron. He attempted to contact the mothership in a close encounter of the third kind. Gloria and Gary Poole showed us the latest steps to Punk Rock music. From Washington D.C. came the Continental Bugle and Drum Corps. and the Encinal Choir rounded out the fall program with Christmas music.

It seemed that the more audience volunteers a performer used in his act the betteer the students liked the show.

Beyond Eating? Lunch Meetings

Students enjoyed lunchtime because there were a variety of activities and a variety of foods to eat.

What was beyond eating? Answer: Meetings! As a matter of fact, students munched-out during club, class, and other meetings.

Activities centered on front lawn competitions that included football, frisbee, or, for the less athletically inclined — talking!

The cafeteria had everything from pasta to burgers. Students objected to the fifteen cent price hike in box-lunches, but what could one student do in a period of double diget inflation.

1980-81 Top Local Events: Flies, Raiders, Cycle-Cops

During the 1980-81 year, Alameda and Santa Clara Counties were attacked by Mediterranean Fruit Flies, which forced Texas to attempt to quarantine California fruit. Alameda's beaches were struck by another oil spill in which the Army Corps of Engineers was called in to do the clean up. Our faithful dump, Mt. Trashmore, was forever closed this year because it just got too full. Our own police force was blessed with new uniforms and motorcycles. The first severe effects of Proposition 13 were felt this year, making the Board of Education elections very important. E.H.S. students had two successful blood drives and also had a Rock-n-Roll-a-thon for the elderly at their Southshore West Convalescent home.

In Pete Nobles' second year as coach the team made history. It won the ACAL championship and advanced to the North Coast Section 2A Playoffs where "the Jets" beat St. Patricks 12-3 in a thrilling game in the Coliseum.

It was no surprise to the team with their record of 4 wins and 1 loss in ACAL to be in the playoffs.

1st All Northern CA Def Tac. All Bay Area Off. Tackle and 1st All American voted by Parade Magazine were honors given to Wendel Rose. Others voted All ACAL were: Junior Tautalatasi, Mike Lee, John Levingston, Tony Oh, Tony Tramble, Scott Sensabaugh and Joe Siess.

The Football teams strongest point was their defense which held other teams to 71 yards a game. Our Offense averaged 144 yards per game. They never allowed any team to score more than an average of nine points per game. The team as a whole led up to a 2A Championship.

J.V.'s End at 500. Frosh-Soph Defeats Alameda Twice in One Season; End Year in First Place

The Junior Varsity team was hindered throughout the season with injuries and drop-outs. What was called "drawing a bye" occurred to Encinal and Alameda's frosh-soph teams in October 1980. The bye was caused when teams originally on the schedule fielded no team. EHS and AHS drew a bye in the same week and as a result played an extra game against each other for the season.

The frosh-soph team, coached by Ed Araujo, Tim Maur, and Roger Young, completed the season as the A.C.A.L. champions with a record of 5 and 3. The team won both games against Alameda as well as games against strong Piedmont and San Leandro squads.

A tougher season than years before, the JV's finished the season with 5 wins and 5 losses. Coaches Don Grant and Mark Ironsides centered the offense on a running game with Art Tautalatasi and Gerald Cane leading the rushers.

Girl Swimmers Win RBAL Championship

The 1980 Girls' Swimteam had another great year. They produced an undefeated season and captured the RBAL Championship. The girls outscored Alameda by 100 points at the championship, with Pam Less winning the Diving event. Workouts included distance yardage, sprints, and block starts. The team put in at least 1½ to 2 hours of practice each day with some swimmers working out from 6:30 to 7:30 in the morning.

Highlights of the season were a swim-a-thon to help pay for medals and the annual invitational at EHS swim center, with the girls taking first over 8 schools.

The awards given to the swimmers were Swimmer of the Year — Laura Gallagher; Most Valuable Senior — Dana Wright; and Most Improved — Laura Schmitz.

The 1980 Girls' Varsity Volleyball team was loaded with talent, but was stricken throughout the year with bad luck.

EHS Girls Tennis Record: 7 Wins 5 Losses, Gains a Third Place in ACAL

Both Coach Phyllis DeLa Vergne and the girls tennis team were satisfied with a 7 win and 5 loss season; winning twice to Albany, twice to Presentation, twice to Moreau and once to Berkeley.

Caroline Yao was our outstanding player and represented EHS and ACAL at North Coast.

At the annual lumpia, lasagne, salad and cupcake awards dinner, trophies went to Caroline Yao for most valuable player, Marla Miyashiro for most improved and Teresa Wong with the most inspirational player. Special awards were given to Floralyn Morata for good public relations and Mimi Ploss for four years on the tennis team as a Varsity player.

Only four Varsity players graduated, so the 1981 season looked promising because the 1980 team was loaded with Sophomores who earned their Block "E".

Cross-Country Runners Plagued!

Due to a series of mishaps the boys cross-country team didn't run so well this season. Shin splints, sprained ankles, and colds sidelined athletes reducing the team to ten boys and ten girls.

Paul Hill, our top runner, finished first in all dual meets but his victories couldn't overcome the points piled up by the opposition. Freshman Missy Johnson was outstanding and voted all League runner as were Libby Hopkins, and Jennifer Thatcher.

The girls team placed 2nd in the ACAL league meet and advanced to North Coast. THe EHS men were 3rd in ACAL this season.

Varsity Basketball Seeks Gold Late in Season as Final League Game Determines Play-Off Berth.

The Varsity basketball squad had a slow start. The team's comeback started late in the season when they had three games to go. Their record was 8-11. In the first two of the three games the Jets beat both Pacific and Elles. The Elles game was a thriller that went into double overtime.

A play-off berth came down to the decision in the final game, against Alameda. Encinal won the fourth place spot.

Team co-captains Jim Pondoc and Bob Reaves were players who had a shot at being chosen for the all-bay area team. Pondoc was the 10th highest scorer in the A.C.A.L., and Reaves was the 2nd highest rebounder.

JV Basketball Players Tie for First in ACAL

The outcome for the JV's in the ACAL race came down to the wire. The game against the Alameda Cagers decided the outcome. The team played a tough game but was edged out in the final quarter. This forced them into a first place tie with San Leandro. Coach Roger Young wasn't upset because during the beginning of the season he worried more about having enough players than with winning games.

Leading scorers were: Benji Tilos, Jim Lewis, and Gary Mann. Their practices consisted of running drills, play coordination and basket shooting. These exercises were the ingredients to keep the team together.

J.V. Girls Win Big as Varsity Posts 5 Wins

With a record of five wins and twelve losses, coach Jerry Ludy's hopes for a winning performance from last year's undefeated J.V. team fell short. With six teams participating in the A.C.A.L. round robin, which paired up each team twice, wins were scored against Pacific, Ells, and Alameda two times. Outstanding players were Sheri Cannon and Pam Less. Vielka Oristil also made honorable mention for all-league.

The J.V. team had another outstanding season with a record of eleven wins and five losses. Suzanne Edwards was the J.V.'s strongest player.

Soccer Kicks Off 1st Season

The Girls' Soccer team kicked off their first season under the dirdction of Coach Scott Swisher. Swisher was a member of the UC Varsity Soccer team. Twenty-five girls participated in this new winter sport. The team competed in an independent league that included Piedmont, Skyline, Berkeley, San Ramon, and Moreau. Workouts included drills on basic ball control, dribbling, and passing.

Due to lack of experience the team was unable to win a game, but they participated in many close battles. The highest scorer was Gladys Lopez. Outstanding plays were made by Taffy Clark on offense and Laura Parazin on defense.

Girls' Track Wins Fifth Consecutive ACAL Championship

With a team of fifty-four girls, Coach Jerry Ludy began training the girls' track team in mid-February. The team opened the season with a loss to Skyline ending their four year undefeated record in dual meets. Since it was a non-league meet, they still had hopes of winning their fifth consecutive ACAL title. A new event, the 330 low hurdles, was added to the twelve others. Their strong events were the 100 meter dash, the mile, and the 330 low hurdles. Outstanding members were distance runner Libby Hopkins and sprinter Julie Trotter.

Workouts began with twenty minutes of calisthenics followed by work on individual events. Distance runners ran ten x 100, 8 x 440, and ran an average of three miles in a full workout. Sprinters worked on 110's, 220's, and 440's along with baton passing and block starts. Throwers and jumpers worked on form and lifted weights. The team agreed that tough workouts paid off at their meets.

Boys' Track: Strong in Dash and Mile Races

The Encinal boys' track team lead by captain Paul Hill and co-captain Tony Taplin ran their first meet against a strong Skyline team losing by a score of 64 to 42.

This was the first full season for coach Don Grant's team to make full use of Encinal's new all-weather rubberized pole vault, long jump, and high jump runways along with the re-surfaced track.

Outstanding runners were Paul Hill who specialized in the mile and 880, Tony Taplin in the 220 yard dash, and Junior Taulalatasi in the 100

Badminton Players Create Own League. EHS Takes Second

Sandra Jones' Badminton Team practiced daily from 2:30-5:00 in the gym.

The team was faced with two problems. First, they had to compete in an almost teamless league that contained only Alameda, Harry Ells and Encinal. This situation was combated by the formation of a "floating league" where each team played another four times.

With eleven returning players, the second problem for the team was there were no funds for transportation to and from games. As a result, parents and students provided it. Encinal finished the season second in the league.

Boys' Swimming Has Productive Season

Hank O'Neill aided by the assistant coaches Anna Korling and Russell Melgar led the swim team into an encouraging and productive season.

The team of 28, which was double the amount of the previous season, began practice in February and was out at the pool everyday for a two hour practice which consisted of 7,000 yards of laps.

Jeff Short, their newest member of the team, was one of the fastest and best, along with Marty Newton and Arthur Roke. Greg Mathews, according to Mr. O'Neill was the best all around swimmer. Denis Ensminger was said to have been their most improved athlete in butterfly and freestyle improving his time by 30 seconds.

New Coaching, Tough Veterans

The 1981 Boys' Tennis Team didn't have any difficulty re-building the squad. The reason: the entire Varsity team, except one player, returned from last year.

The team entered the Richmond Berkeley Athletic League this season, which was expected to be much more competitive than the ACAL. The squad's past experience and skill helped to make them strong contenders. Their new opponents included Kennedy, De Anza, and Piedmont.

Coach Alan Rebensdorf and Assistant Coach Robert Abriol, started their assignment by helping new members of the team improve stroking techniques and giving the veteran players practice sets.

Money Shortage Causes Transportation Problems for Varsity Squad, JV's Almost Dropped From Program.

The Varsity Baseball team, coached by Mr. Yberra used hard practices, and pre-season games to get ready for the regular season.

The team had its problems from the very start. Just as the team started its practices in February the coaches were told that the school could not afford to provide transportation for the teams, and the J.V. team might have been dropped in order to save more money.

As it turned out the J.V. squad was not dropped, but each team was forced to provide its own transportation to the games.

It took the team a while to get going, losing their first two pre-season games against Fremont, and Oakland. But by the next pre-season game the team had improved its play greatly beating Mt. Diablo 4 to 1.

1981 Girls' Softball Team

The Girls' Softball team opened its new season with eighteen out of the thirty-five students who tried out for the team. They include six returning players, Janelle Gustafson, Tanya Jones, Pam Less, Diane Saxon, Annette Scott, and Terry Wong.

Coached by Dave Jones who stressed the importance of team work, dedication, and the will to win to be a successful team. They practiced for an average of twelve and a half hours a week. They worked out on their defense and trained out for a good pitcher. But because the majority of the team were inexperienced they lost their first preliminary game to the veterans of Moreau's softball team with the final score of 22 to 2. The runs were made by Annette Scott, and Deanna Farris. But the added experience and harder practices paid off on their second preliminary game with St. Elizabeth with the victory score of Twenty-one to five.

Moneyed Seniors Earn More Bucks in Their Last Year

The class of 1981, after four dynamic years, finished high school in flourishing success. The first success fo their final year was the Spaghetti Feed with over 300 meals served. Next came the smashing hit of the senior play, The Curse of an Aching Heart, which grossed over $350.

Things quieted down over the winter until the Winterball came which for the first time in years pulled a profit. Next was a $950 net gain from the Sadie Hawkins dance. Of course, the climax to the year was the Junior/Senior Prom on May 29 at the Sheraton Palace Hotel.

Juniors Come Alive With Sports, Clubs, Spirit, and Dollars.

In order to recover from a financially troubled Sophomore year the Junior class held numerous fund raising activities throughout the year bringing in 600 dollars.

During spirit week the class really came alive winning more of the lawn competitions than any other class.

The class itself seemed to improve throughout the year.

Sophomores Net $1300 on Halloween Hop and Bomb the Bees Buttons

The Class of Eighty-Three had four major fund raisers. During Spirit Week they sold their "Bomb the Bees" buttons and staged a carnation and rose sale. They also pushed suckers twice during the year. Their Soph-Hop, on Halloween was one of the most successful ever in terms of income. It earned over $1100.

By the Spring of 1981, the Sophomores had more money than any other class except the Seniors. At the end of the year they had over $1600 and were looking forward to an equally profitable junior year.

"Slogans, Fund Raisers Open the Door for 84"

The freshmen class started off great, during spirit week they took third place beating out the sophomore class. They had spirit and they had two slogans, the first was "Count Me In" and the other was "Open The Door For 84." The idea of the second slogan was that they would open the door a little wider and in their senior year the door to everything will be wide open.

The freshmen raised over $400.00 through several successful fund raisers. Their fund raisers were face painting at the Christmas Fair, two car washes and successful candy sales.

The Logs: A Place for Smoking and Socializing

As a place for socializing, students gathered at the logs to talk, listen to their radios, and smoke. As many as two hundred people could be seen at the "Designated off Campus Smoking Area" before school and at lunch. The logs were built to provide a place for those who wished to smoke in peace. However, the administrators kept activities in order on their regular patrols.

News of the past weekends' parties and plans of future ones were often the subject of conversation.

Ethnic Clubs Make Big Profit; Spread Cultures

The ethnic organizations were among the most active clubs in the school. To start off their year, the Filipino Student Union held a car wash at Webster Street's Shell Station. Later, they sold Gheragdelli chocolates, and at the annual Christmas Faire, lumpia. Through all their sales, the club netted $1200.

To celebrate Black History Month, the Black Student Union held a dance at the College of Alameda. Part of the money the club raised was donated to NAACP. One of the main goals of the members was to get Black History taught in the district.

Members of the Asian Club sponsored a wan-ton sale, a paper drive, and a car wash which financed a trip to the Hearst Castle at the end of the year.

The Spanish Club spread their culture through sales of burritos and enchiladas. As an added touch, students from each ethnic club met together and planned an international week.

Encinal's Student Clubs ARE Interests in Action

Clubs were interests in action. Key club members devoted time to community service. The community they served went beyond Alameda; both Easter Seals and March of Dimes were helped by Key Clubbers. The event that meant the most to the key club workers was the annual canned food drive just before Christmas. Our horticultural hotshots were members of The Future Farmers of America. Not many people knew about the club but those that did were impressed by their activities. When Friends of the Library needed help the horticulturalists stepped right in and aided them by selling plants.

The action that fascinated chess club members was the world's oldest game. They played and played and became better and better at a game that has intrigued man for thousands of years. Another group that played, was the skiers. Skiing was knowledge, sport, and ability in action. Even though our '81 winter was late in arriving, when it came, the snow was exceptional. Many lobbied to create a ski team, but ski teams were not in the immediate future due to costs for gas or bus rentals.

Want to Know How Many Fouls or Yards Gained? Ask Our Dedicated Stats

Every sport had its own group of stats from girls swimming in Septemeber through varsity football and basketball to varsity track in May. "Stats" was an abbreviation given to the statisticians. On the average each stat worked two to four hours a week during their sport's season.

Their duties included keeping track of rebounds, yardage gained, tackles, fouls, and clocking times. They traveled to away games with team members and sometimes team members became temporary stats. At every sporting event these dedicated record keepers were equipped with clipboards, stopwatches, and starting guns. They were important because players and coaches depended on them for individual and team records.

Referees and umpires were an important part of every game too. They were professionals and were paid for their time. Games couldn't be held without them.

Cheerleaders Take Second Place in Omega Rally

Get your M & M's, plain or fancy! Snickers and Milky Ways over here. ''Suckers and Reese's cups for those who know good candy.'' These were the pitches used by a new breed of hucksters on the Encinal High school scene. The saleswomen were the Cheerleaders who approached a candy sale with the same enthusiasm they used when cheering a team to victory. M & M's and other candy profited the girls in October to the cheerful sum of $412.00.

During summer '80 both varsity and JV cheerleading squads attended camp and came home with trophies. Varsity snared a ''superior trophy and the JV's received an ''excellent'' trophy. Later in the fall there was an Omega rally at Church of the Three Crosses in Castro Valley, and the varsity came home with a second place trophy.

Camp and Trophies Highlight Season for Pom-Pon Line

The 1980-81 Varsity Football and Basketball Pom-Pon girls started their season at the USA Spirit Camp at U.C. Santa Cruz from July 5-8. New routines, game action chants, and cheers kept them busy. At the end of the week they were presented with a Superior Trophy.

In a competition at the Contra Costa All-Star Football game with 30 schools the Pom-Pon girls along with the Varsity Cheerleaders, received a second place trophy.

Along with competitions, pep rallies, weekly football games, and bi-weekly basketball games, the girls held fundraisers, including candy and carnation sales to offset the cost of uniforms and camp.

Highlighting the season was the Northcoast 2A Championship Football game at the Oakland Coliseum, where the Varsity Line cheered to a crowd of roaring Encinal fans.

National Ads Make Fads and Fashions

Advertising influences what we buy especially in the fashion world. The year 80-81 brought in the designer's jeans trend. The favorites included those by Sasson, Jordache, Calvin Klein, and even Gloria Vanderbilt. Sharing the trend was the Urban Cowboy phenomenon, easily spotted by cowboy hats. John Travolta's latest movie really added cowboys even to the city of Alameda.

Fads zeroed in on French braids, punk, and computerized games. The games of the year were Simon and Space Invaders.

GREGG YOUNG: To all my friends that I have met in the past four years, good luckin the future. And thanks E.H.S. you've been great.

JOSEPHINE CASTRO DELOS REYES: Laughter still echoes in my mind...of good times we left behind...Don't forget me when you're a $Millionaire...so for now I'll say good-bye...Maybe we'll see each other in HAWAII-M.D.J.A.G. keep in touch y'all. Good luck Class of "81"...We're #1. Tang and Ma, thanx for everything-Flich don't study too much...SANBIDEL LIVES...Bye ENCINAL...HAWAII here I come!

TO ALL THE friends I met throughout my 4 years at Encilnal that made high school worthwhile. THANKS! and good luck in the future. It's a big world out there, and I'm scared, but as long as I have that special person in my life, by my side, I can't go wrong. JOEMILY FOREVER!

GOOD TIMES MAY come and go, but memories last forever. Thanks to all my fellow NSG's, #3 AAA, # 4 GD, #6 CM, #7 PH, #8 LD, #9 ED & especially to Rover & Tiger. I will always remember all those crazy times together just loitering around and just killing time. To Elmer Fudd & Daffy Duck it's "FOR REALS"! PJ you'll always be a special memory to me. To: JM, NS, DG, CG, JH, BH, SK, RB, CN, AB, SB, MG, SH, BW, JS, and everyone else, see you around!

AT ONE TIME I thought life had no purpose for me, because I would die. I finally found the purpose of life; To go through high school at Encinal High. R.W.

SCHOOL HAS BEEN so "GREAT" since I met you. I Love You George Marilao. Someday we'll be together. R.G.

Unfortunately the last four quotes were not signed and could not be included in alphabetical order.

LUCKY YOUNG: As I now approach the end, I realize that all the good times will soon come to an end. But to BW, JS, SH, CL, and etc. (you know who you are), we'll have more good times together in the future.

Unlike previous years, the 1981 Top Ten did not have a tie at first place. Mary Harris was the undeniable valedictorian with a 4.0 gpa. Also unlike past years, the difference between first and tenth places was very wide from 4.0 to 3.72.

This year's Top Ten students were not totally involved in studying. Some students participated in sports like tennis, swimming, track, and pom pon. Other students planned and executed class activities like dances, candy sales, and car washes.

The colleges these academically outstanding students looked at for the future were U.C. Santa Barbara, U.C. Davis, U.C. Berkeley, Yale U., Stanford U., and U.S.C.

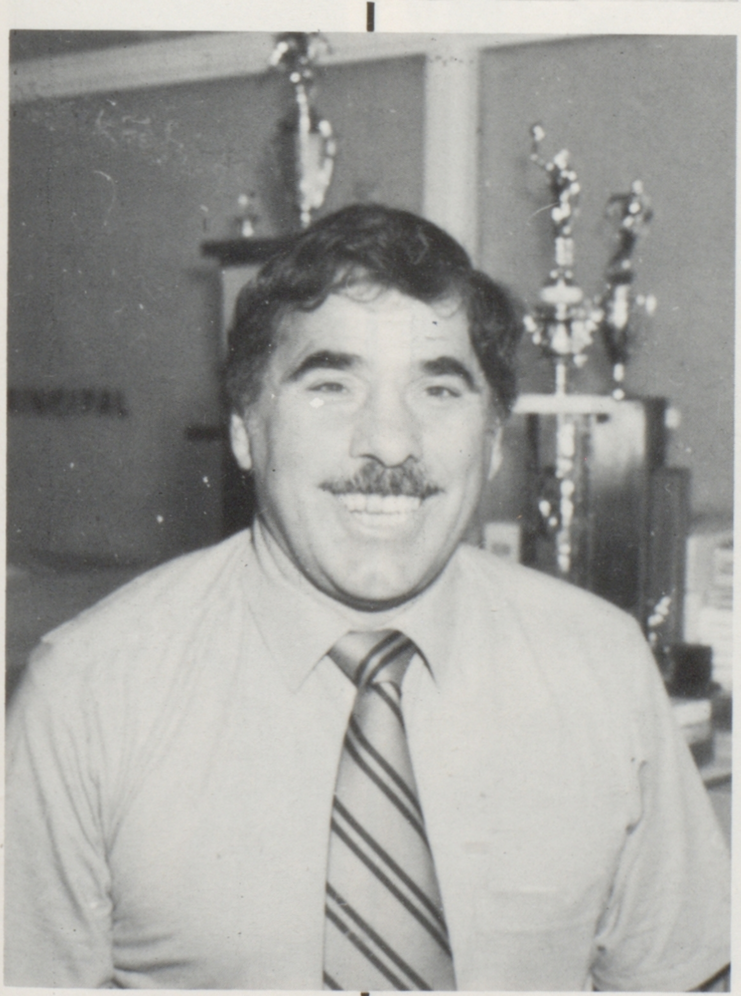
The Administrators and Counselors Collectively Solve Students' Problems

The Administrative staff, because of the former Vice-Principal Ruth Snyder's promotion to Principal at Franklin School, had an increase in workload which they split between Frank Hanna, Ken Biba and Dick Gorman. The problems the administrators confronted were attendance and discipline. Besides their busy schedules, they attended and supervised school activities, like sports events and dances. They also planned the schedule for the 1981-82 school year.

The Counseling department was in a new room this year with a new Head Counselor, Joe Yeoman. With 1150 students enrolled at Encinal, they saw an average of 25 students each, daily. They listened to students who discussed everything from personal to college and career problems.

FAR ABOVE: FRANK Hanna; Principal, **RIGHT:** Joseph Yeoman; Head Counselor, **ABOVE:** John Bay; Junior Counselor.



BELOW: LYNDA STANSBERRY; Freshman Counselor, **BELOW CENTER:** Warner Croll; Sophomore Counselor, **FAR BELOW:** Frank Hanna, Ken Biba and Warner Croll discuss attendance problems while on patrol. **BELOW LEFT:** Richard Gorman; Dean of students, **LEFT:** Ken Biba; Vice-Principal.

In addition to their regular duties, the faculty added support and variety to the daily activities at Encinal. Many teachers chaperoned dances, went to games and wrote letters of recommendation for their students. Their free time was characterized by individual talents. Mary Nicosia illustrated books, Don Grant was part owner of Nautilus, James Hewitt led a community band on Wednesday evenings, Joe King ran in marathons, Jon Medeiros bought and sold antiques, Joy Schenker had a baby and Pete Noble coached *two* North Coast Championship teams — Football and Wrestling.

Four faculty members retired this year; J. Paul Foster, George Reeves, Phyllis DeLaVergne, and Col. Richards. When asked about their retirement plans, Ms. DeLaVergne responded, "I'm going to be a playgirl," and Col. Richards remarked, "As long as I can move, I'll keep moving." Ms. DeLaVergne, Girls' Tennis Coach and P.E. teacher also wants to play more golf, travel, and paint her house. Col. Richards plans to spend time horse-back riding and volunteering time for Red Cross. Both plan to go on the Early Retirement Program, working part-time for the district.

Secretaries, Custodians, Cafeteria Staff Take on Duties With Fewer People, Two Computers, and Inflation

The secretarial staff was smaller than previous years by one, when Georgia McNeill retired.

More computers helped the staff through the year. One computer, operated by Lola Crittenden, stored student competency scores. The second computer, in the career center, mothered by Doreen Yip, was available for student use.

Ed Fassiotto pushed the custodial staff and the school glistened. Both Ed and the Student Senate felt the minimal amount of vandalism, only $300, was a credit to our school and a reason why the Custodians could do such a good job.

Cafeteria manager, Sharon Sherak, knew the food was nutritious, but she prefered not to comment on the increased prices that inflation saddled us with. Imagine a "Poor Boy" sandwich was fifty-five cents!

Graduation...A Celebration, And Intermission.

THINKING GOOD THOUGHTS of Fowler-Anderson are John Scotes and Linda Bradford

Like looking across the river
from a restful bank,
This is perspective.
And, shared with another,
It is intermission.

Graduation, similarly, gives a
looking back from plateau,
This is summation.
And, shared with classmates,
This is celebration.

Reflections

I am now beginning
To feel the loss
From the times I didn't think
To slow down,
To be with you more often
My Friend,
But I have seen the patterns change
On both your face and mine.

We are all reflections
Of each other,
Learning
Loving
Leaving.

Another world has opened to me now.
We shall be torn apart
Into new reflections
Beginning again,
Only this time
We are individuals,
We are alone.

I will see your face
In my memories of the past,
And your friendship and my memories
Shall be carried
Into newer, brighter destinies . . .
We are now beginning.
